SUMMARY

MERN Full Stack Developer with hands-on experience in MongoDB, Express.js, React.js, Node.js, JavaScript, and Tailwind CSS. Skilled in building responsive web applications, developing RESTful APIs, database management, and implementing modern full-stack solutions. Dedicated to creating scalable, efficient, and user-centric applications.

EXPERIENCE

Full Stack Developer Intern @Digicoders | Jan 2026 – Present

- Developed full-stack web applications using **MongoDB, Express.js, React.js, and Node.js (MERN Stack)**.
- Designed responsive user interfaces, built RESTful APIs, and integrated frontend applications with backend services and databases.
- Collaborated on live projects, improving skills in full-stack development, debugging, database management, and application deployment.

MERN Stack Trainee @Softpro India | 45-Day

- Completed training in **MERN Stack Development (MongoDB, Express.js, React.js, Node.js)** and modern web technologies.
- Developed responsive web applications and integrated **RESTful APIs** with frontend interfaces.
- Worked on hands-on projects involving **MongoDB, authentication, and full-stack application development**.

PROJECTS

Aarogya – Doctor Appointment Booking Platform | [LINK](#)

- Developed a full-stack doctor appointment booking platform using MongoDB, Express.js, React.js, and Node.js (MERN Stack).
- Implemented JWT authentication, role-based access control, and RESTful APIs for secure user and appointment management.
- Built responsive dashboards for patients, doctors, and administrators to manage appointments, profiles, and schedules efficiently.

DigiCoders Kanpur Website | [LINK](#)

- Developed a full-stack training institute management platform using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**.
- Created secure REST APIs and database models to manage courses, student registrations, placements, and training programs through an admin dashboard.
- Designed a responsive and user-friendly interface with React.js and Tailwind CSS, ensuring seamless user experience across desktop, tablet, and mobile devices.

Institute Management Website | [LINK](#)

- Developed a full-stack institute management website using React.js, Node.js, Express.js, and MongoDB for managing courses, students, and institute data.
- Built secure REST APIs, implemented authentication, and integrated MongoDB for efficient data management.
- Designed responsive user interfaces with reusable React components, form validation, and performance optimizations for a seamless user experience.

Tour and Travels Website | [LINK](#)

- Developed a travel website using HTML, CSS, JavaScript, and MySQL.
- Designed an interactive and responsive user interface for travel management.
- Integrated a MySQL database to manage traveler information and schedules.

Garden & Plant Nursery Website | [LINK](#)

- Developed a responsive garden and plant nursery website using **React.js and Tailwind CSS**.
- Designed a modern UI with smooth animations and mobile-friendly responsiveness.
- Showcased plants, gardening services, and featured collections with optimized user experience.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+)

Frontend: React.js, Bootstrap, Tailwind CSS, AOS, Responsive Design

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Database: MongoDB, SQL

Tools: VS Code, Postman, Git, GitHub, Chrome DevTools, Vercel, Render

EDUCATION

Raja Balwant Singh Engineering Technical Campus ,Bichpuri, Agra
Bachelor of Technology in Computer Science

Government Leather Institute Nunhai, Agra
Diploma in Computer Science

CERTIFICATES

- MERN Stack Summer Training Certificate – Softpro India Pvt. Ltd.
- Technical Workshop Certificate in AI & Python – E-Gain.
- HTML, CSS & MySQL Training Certificate – Binplus Technologies Pvt. Ltd., Jhansi.
